

CERTIFICATE OF HEALTH CARE

- ✓ Online study
- ✓ Optional printed materials (fees apply)
- ✓ 210 hours course time

COURSE OVERVIEW

Do you have a desire to work in a helping profession? Would you like to start a career in one of the most in-demand and secure industries? Yes? Then this is the course for you. The Certificate of Health Care is an online professional development program that will provide you with the skills and knowledge required to work effectively in the dynamic health care environment with clients, staff, visitors and suppliers. In this online course you will learn how to communicate with a range of internal and external clients in a medical environment; and to use appropriate advanced medical terminology. You will also learn effective communication skills to support the delivery of client care services within the health industry. In addition, this course will also impart the necessary knowledge of anatomy and physiology required to recognise physical health status and to identify the functioning of the human body in the context of health care work. This online course will also teach the skills and knowledge required to provide first aid response; life support; and the management of casualty(s), the incident and other first aiders, until the arrival of medical or other assistance. These skills and knowledge may be applied in a range of situations, including community and workplace settings.

UNIT STRUCTURE

- Unit 1 - Interpret and apply medical terminology appropriately
- Unit 2 - Provide first aid
- Unit 3 - Communicate and work in health or community services
- Unit 4 - Recognise healthy body systems
- Unit 5 - Confirm physical health status
- Unit 6 - Follow safe work practices for direct client care
- Unit 7 - Communicate in complex situations to support health care

Please view the [course outline online](#) for a list of topics covered in each unit.
